

The Green Team
Grow Green at Hungerford!
Reduce waste, Reuse, Recycle!

The Green Team is made up of two representatives from each class in the school.

The class representatives will talk to their teacher to decide what and how to plant / crops to sow in the class raised bed in the summer term.

The aims of the Green Team are:

(1) to continue to reduce waste at school by

- recycling paper waste
- saving electricity by switching off lights and other equipment when not in use

- (2) to encourage outside learning by
- growing plants and crops in the class raised bed
 - making compost in the composter - we can use the peel from our Five a Day fruit
 - making and managing a wormery (Year 5)

(3) to develop an understanding of the importance of soil in growing plants

(4) to use crops grown in class cooking lessons and school dinners

(5) to continue the project *What-crops- do -you grow-at- your-school* link with Vahangahi School in South Africa
